## About THiNK FURNiTURE....

Company was formed in early 2006 as an independent specialist furniture provider.

Being a specialist furniture company and independent of being tied to one manufacturer we can offer our clients a wide range of options to suit both budget and time restraints.

Think Furniture and Think Interiors current combined turnover is approx £1.5 million. Being relatively new and small we are keen to develop and maintain relationships with all our clients opposed to having a 'only interested in the large projects approach.'

The Directors of Think Furniture have over forty years experience within the commercial Interiors and furniture market.

We would welcome the opportunity to develop closer ties to your company for both small and large furniture and interiors needs.
