

Product Specification

Design: 'Bison'

Designer: Simon Pengelly

Simon Pengelly who is one of the most talented designers working in the UK at present, graduated from Kingston Polytechnic in 1988 and worked in a leading design studio for several years before founding Pengelly Design in 1993.

Features:

Bison is a highly stylish and contemporary tub chair designed with characterful broad shoulders and a compact footprint. For a compact chair it provides a deceptively generous and comfortable sit due in part to the subtle flexing of the arms, backrest and sprung seat. The moulded foam seat and back form, both elegant and striking, enhanced by superb upholstery detailing.

Finishes:

Bison can be upholstered in a wide range of contract quality fabrics or leather.

Marketplace:

Bison is a stunning design for informal meeting spaces and breakout areas as well as lounge areas, dining or coffee bar applications and hotel bedrooms amongst others.
